Up to 3:30 o'clock this afternoon less than one half of the registered voters in the county had been cast. Reports from the country precincts excepting the "black belt" indicate but little interest.

HUGHES OPENS CAMPAIGN IN NEW YORK SPEECH

ATTACKS PRESIDENT'S FOREIGN POLICY IN SPEECH OF ACCEPTANCE

New York, Aug. 1.—Charles E. Hughes, Monday night, outlined in his speech of acceptance the issues upon which he will conduct his campaign for the presidency.

Mr. Hughes assailed the administration for the course it has pursued with reference to Mexico, maintenance of American rights during the European war, preparedness and other great questions of the day. He declared for a new policy of "firmness and consistency" toward Mexico for "the unflinching maintenance of all American rights on land and sea" and for "adequate national defense, adequate protection for both our western and eastern coasts."

"We denounce all plots and subversives in the interest of any foreign nation," Mr. Hughes said. "Utterly intolerable is the use of our soil for alien intrigues. Every American must unreservedly condemn them and support every effort for their suppression."

Assaults Administration.

The nominee assailed the administration for its "direction and diplomatic intercourse" from the beginning, "declaring that where there should have been courageous strength and experience there has been weakness and ineptness. He cited Santo Domingo as an instance where appointments had gone to "deserving democrats" and to the failure to continue Ambassador Herrick at his post in Paris after the war had started as a "lamentable sacrifice of international impulse."

Whether support to the Democratic, Republican or Progressive parties will be given by women favoring a native suffrage amendment, leaders here decide, will be definitely decided at the Colorado Springs conference.

While the conference called is primarily for officers and leaders in the suffrage campaign, it is expected that hundreds of women of the rank and file of suffrage workers will attend.

The crew will now transfer its work to Payne and Kingfisher counties and eastern Logan.
